

Faisal Ibrahim Alrashed

+966507925033 | alrashed8f@gmail.com | [LinkedIn](#) | Riyadh, Saudi Arabia

Career Summary

A motivated and eager professional with a solid foundation in data analytics, machine learning, and content writing, gained through academic projects and volunteering experiences. Proficient in using machine learning algorithms for practical applications, developing database systems, and applying image processing techniques. Known for a strong work ethic, attention to detail, and a willingness to learn and grow in diverse fields. Excels in collaborative environments and is committed to leveraging skills to contribute meaningfully to team success and organizational goals.

Education

- Bachelor’s Degree in Artificial Intelligence | Frech Graduate | GPA: 3.70 out of 4 | University of Hail– Hail | 2022 – 2026

Professional Experience

Data Analyst & AI Developer Intern Technology Control Company (TCC) — Saudi Arabia

- Worked on data analysis and artificial intelligence projects within a professional technical environment.
- Built and reviewed dashboards using Power BI to support business insights and data visualization.
- Performed exploratory data analysis on real datasets and supported feature engineering tasks.
- Assisted in testing and improving AI-based solutions, including RAG prompt testing and error documentation.
- Developed a computer vision project for ID document detection and text extraction using YOLO, OpenCV, OCR, and Python.

Graduation Project

AUHSE System

Graduation project focused on developing an AI-powered system for automated health and safety inspections at construction sites.

- Used computer vision to detect hazards from site images.
- Built a web platform to upload images, assess risks, and generate reports.
- Applied YOLOv8, Python, and basic risk assessment methods.
- Generated structured inspection reports in DOCX and JSON formats

Volunteering Experience

Content Writing Team Member (Volunteer) - AI Club – University of Hail

- Crafted insightful articles covering key discussions and breakthroughs at the LEAP Conference, contributing to AI awareness.
- Assisted in developing well-structured articles for Saudi Founding Day, bringing historical events to life through engaging storytelling.
- Collaborated with a dynamic team to research, write, and refine content that resonated with a broad audience.
- Ensured clarity and credibility in all written content by conducting in-depth research and maintaining consistency in messaging.

Personal Skills

- Communication
- Teamwork
- Time Management
- Problem Solving
- Collaboration
- Research & Learning

Professional Skills

- Python
- Power BI & Dataiku
- SQL / MySQL
- Machine Learning
- Data Analysis
- Dashboard & Visualization

Courses & Certifications

- Machine Learning with Python | IBM | Feb 2025
- Data Analysis with Python | IBM | Feb 2025
- Prompt Engineering PRO | Udemy | Jan 2025
- Cloud computing and artificial intelligence | Tuwaiq Academy | Aug 2024
- Certificate of participation in the Artificial Intelligence Hackathon | Hail University and nomination to the final stage (SDAIA) | May 2023

Languages

- Arabic
- English
